PRODUCT PRESENTATION
SECTION 1 : DIETARY SUPPLEMENTS

BY : DALJIT SINGH HANSPAL

- Air, water & food are the necessity of life. However all these are polluted or adulterated with chemicals, gases & other impurities. Our lifestyle has deteriorated by stress, eating & sleeping habits. Our body is intoxicated & the toxins hinders the normal functions of our organs. Thus giving rise to diseases. Our food contains a lot of harmful chemicals & we are made to take drugs for various body conditions.
HENCE IT IS VERY NECESSARY TO DETOXYIFY OUR BODY.

INTRODUCTION

- Our food is deprived of optimum Nutrition.
- We are used to eat Junk foods, which are high in calories but very low in Nutritional value.

We eat by the taste of food. Most of our food are acidic in nature.

We eat less of Greens (alkaline food), which are easily digestible.

HENCE IT IS VERY IMPORTANT TO CONSUME DIETARY SUPPLEMENTS WHICH ARE OBTAINED FROM NATURAL SOURCES LIKE HERBS, FRUITS, PLANTS.
